

2008 DEKALB® SUPPLY COMMITMENT

PROGRAM

More farmers are planting more DEKALB® corn for good reason. DEKALB is committed to bringing top-performing products with the traits farmers want to market. Look to DEKALB for the newest, high-yielding genetics with traits such as YieldGard VT Triple™ and YieldGard® Plus with Roundup Ready® Corn 2.

Now, in addition to offering the products farmers want, we are making a special commitment to farmers who order early with a dealer and whose dealer places confirming dealer and farmer orders with DEKALB. We call it the DEKALB Supply Commitment Program, and it is our promise we will deliver the DEKALB products they request.

Program Offer

- The farmer places a qualifying order with an Asgrow® & DEKALB dealer by November 21, 2007. Only orders received and entered into the farmer order system by the dealer by this date will qualify.
- The farmer's Asgrow & DEKALB dealer has confirmed dealer orders submitted by December 7, 2007 that match the farmer orders. Only farmer orders with matching dealer orders will qualify.
- DEKALB commits to delivering the farmer order quantity by April 10, 2008.
- If the delivered quantity from DEKALB of each qualifying corn product does not equal the farmer order (with confirmed dealer order), the farmer will receive a \$75 per unit discount through the Asgrow & DEKALB dealer on replacement DEKALB corn products.

- If the farmer chooses to wait past April 10, 2008 for the original product ordered, then no discount will be offered.
- If the delivered quantity of qualifying products equals the farmer order and the dealer order, then no compensation is made.
